NOTICE REFERENCE: EIA/EXUN/SUS-01
EFFECTIVE: 27 October 2026
SUBJECT: IMMEDIATE SUSPENSION OF OPERATIONAL AUTHORITY — EXTRADIGITAL EXCEPTIONS AND UNKNOWNS NETWORK

By order of the competent authority of the Government of Nuxeland, all operational duties, investigative mandates, and field authorisations previously assigned to the Extradigital Exceptions and Unknowns Network (EXUN), a specialised branch of the etiNuxe Intelligence Agency, are hereby suspended with immediate effect.

This directive follows a preliminary administrative review of the circumstances surrounding the Wenoti Arcade incident and the subsequent investigation into the anomalous activity associated with the arcade machine designated The Reckoning V: Origins. The findings available to the Agency remain inconclusive, and the nature, extent, and origin of the reported irregularities have yet to be conclusively established.

All personnel attached to EXUN are directed to acknowledge receipt of this notice and comply fully with the terms set forth herein.

This document is an official administrative directive. Unauthorised execution of suspended duties shall be treated as a breach of Agency protocol.
